

DEMI-SEC

The effervescence forms a white and creamy mousse on the surface which highlights the intense gold robe of this champagne.

The nose develops floral notes (white flowers like hawthorn), toasted aromas which mingles with more mature aromas of yellow peach.

The mouth, fleshy and syrupy, is nicely supported by a delicate effervescence . Nuances of flower honeys come to enrich the aromatic pallet.

Our Demi-Sec champagne, rich and with a beautiful density, can be served with a sorbet of fruits.
